<p>OS-26-01-05</p> <p>ALL</p>	<p><u>PHYSICIAN WELLNESS LANGUAGE IN LICENSURE APPLICATIONS</u></p> <p>Board Action: To approve recommended language to DC Health regarding screening questions about licensee impairment.</p> <p>Background: The Medical Society of the District of Columbia (MSDC) has engaged DC Health to discuss efforts to align the District’s licensure language with nationally recognized best practices endorsed by the Dr. Lorna Breen Heroes’ Foundation and the American Medical Association (AMA). These best practices are designed to reduce stigma and eliminate barriers for physicians seeking mental health care by ensuring that licensure questions do not discourage individuals from obtaining necessary support.</p> <p>At present, forty states have adopted similar language changes. MSDC seeks to collaborate with DC Health, the Council of the District of Columbia, and the broader healthcare community to implement these reforms within the District.</p> <p>The current screening question concerning impairment is: Do you have a medical condition that impairs or limits or may impair or limit your ability to practice your profession?</p>	

	<p>A committee consisting of Dr. Anderson, Dr. Barbee and Dr. Gorman developed three alternative suggestions:</p> <p><u>Option 1:</u> Are you currently suffering from any condition for which you are not receiving appropriate treatment that impairs your judgment or that would otherwise adversely affect your ability to practice medicine in a competent, ethical or professional manner? (Yes/No).</p> <p><u>Option 2:</u> Do you currently have any condition that impairs your judgement or that would otherwise adversely affect your ability to practice medicine in a competent, ethical, and professional manner? (Yes/No)</p> <p><u>Option 3:</u> Do you currently have any condition that impairs your judgement or adversely affects your ability to practice medicine in a competent, ethical, and professional manner. (Yes/No)</p> <p><u>Option 4:</u> Do you have a condition that <u>currently</u> impairs your judgement or adversely affects your ability to practice medicine in a competent, ethical, and professional manner? (Yes/No)</p> <p>Motion: Motion made by Dr. Michael to adopt language in option # 4. Seconded by Dr. Barbee.</p> <p>Vote: Dr. Arons, Dr. Barbee, Dr. Dawson, Dr. Gorman, Dr. Michael and Dr. Pavuluri voted in favor of the motion. Dr. Madkour voted “No”. The motion passed.</p>	
<p>OS-26-01-06</p> <p>ALL</p>	<p><u>INQUIRY REGARDING PERMITTING SUPERVISING PHYSICIANS TO VIRTUALLY SUPERVISE A RADIOLOGIC TECHNOLOGIST ADMINSTERING CONTRAST DURING A LEVEL 2 TEST</u></p> <p>Board Action: To provide guidance on physicians supervising Radiologic Technologists administering contrast.</p>	

	<p>Background:</p> <p>DC Health recently received an inquiry from the Life Sciences and Health Industry Group seeking clarification on whether physicians in the District of Columbia may provide virtual supervision via real-time video and audio communication as permitted by Medicare, when overseeing radiologic technologists administering contrast during Level 2 imaging studies.</p> <p>District statutes and regulations, including D.C. Code §§ 3-1208.91 and 3-1208.92, do not explicitly prohibit physicians from virtually supervising a technologist performing contrast administration for Level 2 tests (e.g., MRI of the abdomen/pelvis with contrast).</p> <p>They request the Board’s guidance on the following:</p> <ol style="list-style-type: none"> 1. Does District law permit virtual supervision by physicians, using real-time video and audio technology, for contrast studies performed by radiologic technologists? <p>The Board is authorized to provide advisory opinions (DC Code § 3-1204.08(9)).</p> <p>Motion: Motion made by Dr. Gorman to send inquiry to advisory committee. Seconded by Dr. Pavuluri.</p> <p>Vote: Dr. Arons, Dr. Barbee, Dr. Dawson, Dr. Gorman, Dr. Madkour, Dr. Michael and Dr. Pavuluri voted in favor of the motion. The motion passed.</p>
