Faith Conference—1:00 PM Eastern U.S. (2 hours)

Part conference and part World AIDS Day interfaith service, the event will feature voices expressing lessons learned for ending the HIV epidemic, prayers, an HIV update, music and artistic expression, and calls to join the 12 Million Campaign and Commitments to Action.

BREAK

Film & Discussion: "My Faith, My Story"—4:00 PM Eastern U.S. (1 hour)

We invite you into a safe-space for storytelling where advocates, faith leaders, and People Living with HIV address the challenges inherent in responding to the HIV epidemic in the Southern U.S. as people and communities of faith. Through these transformative conversations, together we can begin to eliminate the stigma often associated with discussing HIV, sex, and sexuality, in the context of faith – one day, each year, until we find a cure. The film was produced through partnerships with the Southern AIDS Coalition (SAC), Wake Forest University Gilead COMPASS Initiative, RAHMA, the United States HIV AIDS Faith Coalition (USHAFC), and National Faith HIV/AIDS Awareness Day (NFHAAD).
