Farmers' Market Nutrition Program

Senior Farmers' Market Nutrition Program

Special Supplemental Nutrition Program for Women, Infants and Children

Cash Value Check

Dear Grower,

There are three United States Department of Agriculture (USDA) programs available to you that will increase your sales and increase the availability of fresh produce for women, infants and children in your community. These programs are:

1. The Farmers' Market Nutrition Program (FMNP) and
2. The Senior Farmers' Market Nutrition Program (SFMNP) and
2. The Special Supplemental Nutrition Program for Women, Infants and Children (WIC).

The FMNP provides checks for WIC participants to purchase fresh, unprepared, locally grown fruits and vegetables from June through November. This program also expands the awareness and use of farmers' markets. In addition to the FMNP checks, the WIC Program provides Cash Value Checks (CVCs) to participants to purchase fruits and vegetables at farmers' markets and grocery stores throughout the year.

Maryland WIC participants that receive the Fruit and Vegetable Check receive similar tender amounts as District residents that receive the Fruit and Vegetable Cash-Value Checks. Farmers are encouraged to join the Maryland WIC FMNP and Senior FMNP. Farmers are also able to redeem Maryland WIC and Senior FMNP benefits at the DC based markets.

This Farmers' Guidebook will provide you with instructions on what participants can buy under each program and how to accept and process both the S/FMNP check and the WIC CVC.

We welcome any new ideas you may have to help make this season our best ever, please share them with us.

Sincerely,

Nutrition & Physical Fitness Bureau

Overview of WIC

WIC

SENIORS

The WIC Farmers' Market Nutrition Program Act (Public Law 102-314) was established on July 2, 1992. The Senior Farmers' Market Nutrition Program (SFMNP) began as a grant program in 2001 and was established as a permanent program in 2007 (Public Law 107-171). The purpose of the WIC Farmers' Market Nutrition Program (FMNP) and the Senior Farmers' Market Nutrition Program (SFMNP) is to provide fresh fruits and vegetables to women, infants 6-12 months, children and low-income seniors who are nutritionally at risk and to expand the awareness and use of farmers' markets.

The WIC Cash Value Check

Starting October 1, 2016 the Cash Value check dollar amount increased for all participants. Children receive \$9.00, pregnant, breastfeeding and post-partum women up to six months receive \$11.00 and women breast-feeding multiples receive \$16.50 once a month as a part of the food package.

Funding

WIC FMNP

The Food and Nutrition Service (FNS), part of the United States Department of Agriculture, and the District of Columbia have provided funds for the operation of the FMNP. The FMNP operates on a matching grant basis. Usually, 70% of the funding comes from the Federal Government and 30% from local funding. Of the total budget, 83% of the money is used for food benefits with no more than 17% used for administrative costs. This means 83% of the funding is distributed to eligible women and children participating in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).

Senior FMNP

Senior FMNP is funded through USDA, with over 90% of funds spent for food benefits and the remainder for administrative costs.

WIC Cash Value Check (CVC)

WIC Cash Value check is funded through USDA. The Cash Value Check is a part of the regular WIC food package. The checks are issued monthly to each eligible participant.

In the District, the FMNP and SFMNP are branded as **Get Fresh**. Infants between 6-12 months, pregnant, breastfeeding and postpartum woman and children (1 year to 5 years of age) participating in WIC, are eligible to receive \$30.00 worth of Get Fresh checks to purchase fresh fruits and vegetables from approved farmers. Seniors who qualify for the program are eligible to receive \$50.00 worth of Get Fresh checks. Farmers who sell their produce in the District of Columbia may be eligible to become an approved Get Fresh farmer.

WHO QUALIFIES FOR THE PROGRAM

Farmers selling at farmers’ markets or stands can be approved to participate in the FMNP by providing locally-grown produce that’s grown within the District’s boundaries, or in close proximity (in this case, in Maryland, Virginia, West Virginia, New Jersey, Pennsylvania, Delaware and North Carolina). Preference will be given to non-profit entities that have experience in promoting the sale of locally grown produce at urban farm stands and with the Get Fresh program.

WHO DOES NOT QUALIFY

- 1. A wholesale or retail farmer who does not grow his/her own produce.
- 2. A farmer who sells only at non-approved farmers’ markets, such as:

PROGRAM MONITORING

MONITORING

The State Agency regularly monitors authorized farmers’ who participate in the Get Fresh program by verifying compliance with the requirements of the program. Monitoring also helps insure that civil rights compliance, equitable treatment of program recipients, fair and competitive pricing, and good customer service standards are being followed. Regular monitoring helps to maintain program integrity, reduce banking errors and can be the impetus for technical support to farmers and their staff.

Any violation of WIC and Senior regulations is noted on a monitoring form. The person monitoring the farmer will discuss the findings with the farmer or representative who will be asked to sign the monitoring form. A copy of the form will be left with the farmer or the farmer’s representative. Warning notices are also mailed when violations are found. A follow-up visit will be conducted following the violation notice to see if corrective action has been taken. The three types of monitoring visit used to access a vendor to include on-site monitoring, education, and compliance buy visits.

Education Buy

The education buy is the type of buy originates as an announced or unannounced compliance buy, but ends with the WIC State Agency's and/or the Commodity Supplemental Food Program representative shares the results of the buy with the manager in order to educate the farmer regarding Get Fresh monitoring and policy and procedures.

Compliance Buy Investigations

Compliance investigations are conducted by a contractor or a designated person who poses as a WIC or Senior participant. The purpose of compliance investigations is to verify compliance with WIC Program rules, federal regulations, and any other established procedures. The farmer will not know he/she is under investigation, nor will he/she be notified of any violations uncovered until the investigation is finished. The undercover investigator looks for violations including but not limited to substitution of non-Get Fresh items, overcharges, charging for food not received and trafficking Get Fresh or WIC CVCs. These violations may result in disqualification.

On-Site Visit Monitoring

An on-site monitoring visit is when a State Agency representative surveys types and levels of abuse and errors among participating food vendors. On-site monitoring visits may be announced or unannounced. Here are a few reminders for monitoring visits.

- ✓ Hang approved **Get Fresh** poster in a highly visible place
- ✓ Post prices of food items
- ✓ Keep conditions in and around the stand sanitary
- ✓ Have a minimum variety of three vegetables, fruits and/or herbs during hours of operation
- ✓ Instruct participants to sign at the time of the transaction
- ✓ Accept WIC and FMNP checks during first and last date to spend
- ✓ Treat customers equally.
- ✓ Refuse altered or damaged checks.
- ✓ Match the signature on the WIC FMNP checks to the signature in the WIC I.D. folder.
- ✓ Be present during specified location(s) and hours.
- ✓ Maximize the value of each check and do not provide change.
- ✓ Save customer complaints.

PROGRAM MONITORING

The Get Fresh check processor monitors all FMNP, SFMNP and Cash Value Checks that are deposited by the farmers. The bank will monitor Get Fresh and Cash Value Checks for the following errors:

Monitor Checklist

- No customer signature
- Invalid farmer, invalid authorization number or no authorization number
- Altered dates
- Altered dollar amount
- Late deposit
- No vendor stamp (The only check error that you can correct and redeposit)
- Rejected over the maximum price
- Note: Cash Value Checks should be sent to the WIC State Agency for review and payment
- Encoding error

SANCTIONS

The WIC State Agency has established a sanction system as a means to deter vendor abuses or violations. According to the Code of Federal Regulations, a vendor violation is defined as any intentional or unintentional action of a vendor’s current owners, officers, managers, agents or employees (with or without knowledge of management) that violates the Get Fresh agreement or Federal or State statutes, regulations, policies or procedures screening the Program.

Farmers who fail to comply with Federal and State requirements are subject to fiscal claims, suspension, temporary and permanent disqualification in accordance with the Get Fresh violations and sanctions, see Appendix.

FINDINGS

The vendor will be notified after the first instance of a program abuse/violation has been observed by the State Agency. A sanction will be applied once a pattern of violations is established. The established pattern of State Agency violations will be applied as such:

1-10 points	Warning Letter
11-20 points	Mandatory attendance at a special scheduled training session conducted by the State Agency and submission of written documentation of corrective action taken to resolve the problems, which led to the sanction.
21+points	One to three year disqualification.

CORRECTIVE ACTION

The State Agency will notify a farmer in writing indicating a pattern of violation(s). If the violation(s) occurs more than twice in a growing season the farmer will be sanctioned and/or assessed fine based on the violations cited. Farmers will receive feedback regarding the findings of the visit and written notification within two weeks. A follow-up visit will be conducted following the violation notice to see if corrective action had been taken.

DISQUALIFICATION

Disqualifications shall follow the accrual of 21 points or more. The disqualified vendor is required to return the approved farmer sign and stamp within 15 days of receiving a disqualification notice. Failure to comply with the stamp and the sign requirement will compromise future Get Fresh participation.

PROGRAM MONITORING

DISQUALIFICATION

Farmer will be reinstated following a 30-day disqualification and satisfactory resolution of the problem(s) that led to the disqualification. At the conclusion of a one-year disqualification period, the farmer may reapply for authorization. Upon reauthorization, the farmer will serve in a probationary status for up to four months and/or one full season, whichever is longer. Any single substantiated violation of fifteen (15) or more sanction points for one year during the probationary period will serve as grounds for automatic disqualification.

PERMANENT DISQUALIFICATION

The State Agency shall permanently disqualify a vendor convicted for:

- ✓ providing credit for non-food items, such as alcohol, alcoholic beverages, tobacco products, cash, firearms, ammunition, explosives, or controlled substances as defined in 21 U.S.C. 802, in exchange for food instruments.
- ✓ buying or selling food instruments of case (trafficking); or
- ✓ buying or selling firearms, ammunition, explosives, or controlled substances, as defined in U.S.C. 802, in exchange for food instruments.

The farmer shall not be entitled to receive any compensation for revenues lost because of such a violation.

CLAIMS

Payment will not be made for Cash Value Checks and Get Fresh checks that do not comply with these procedures. When incorrect checks are not paid, farmers may not seek restitution from WIC and Get Fresh customers. Approved Get Fresh farmers must ensure that all employees working at the stand are knowledgeable of the Get Fresh requirements.

Checks that are not correct will be returned unpaid. If any of the necessary information is not on the check, the check will be returned. Do not attempt to put the check through your account again after you have corrected the omission.

Once the checks have been returned to you from the bank, they cannot be reprocessed. If you think the bank has made an error in returning the checks, complete the **Request of Payment Authorization Form (see Appendix A)** and send it to the State Agency. The State Agency is not responsible for checks returned to you, or any charges for checks returned to you, due to failure on your part to follow the correct procedures. All checks will be honored, if the proper procedures outlined in the Check Reference section are followed.

FAIR HEARING

Vendors have the right to appeal any adverse decisions including denial of initial application for participation or disqualification from the Program and other adverse actions affecting your participation during the course of the agreement period.

NOTICES

1. You will be provided with at least 15 days advance written notice of an adverse action (e.g., or disqualification) and its cause. During this period you may make your appeal. If you appeal an action, you must still comply with the terms of any written agreement.
2. Expiration of a contract is not subject to appeal. However, if you reapply, and your reauthorization is denied, you have the right to appeal the denial.

Appeal Procedures and Guidelines

Request for a fair hearing must be submitted in writing to the State Agency within 15 days of receipt of the notice of initial denial of application, disqualification of participation, or other adverse actions. Two opportunities to schedule a hearing will be provided for one original date and one rescheduled date.

Your fair hearing shall be held and a decision rendered within 60 days from the date of receipt of the request for a hearing.

A written notice of the hearing shall be sent to you and other parties involved at least 10 days prior to the schedule date of the hearing. This notice shall:

1. Specify the date, time and place of the hearing;
2. State briefly the issues, which are to be the subject of the hearing;

Explain the manner in which the fair hearing will be conducted; and

Inform you of your right to be represented, to verify and present documented evidence, produce witnesses, question adverse witnesses, and to examine (prior to and during the hearing) the documents and records supporting the action under appeal.

The fair hearing shall be conducted by an impartial official who does not have any personal stake or involvement in the decision and who was not directly involved in the initial determination of the action being contested.

If a State-level decision is upheld against the vendor and the vendor expresses an interest in pursuing a higher review of the decision, the State Agency shall explain the available state-level review of the decision. If further reviews are unavailable and have been exhausted, the vendor has the right to pursue judicial review of the decision. Complaints may be filed with:

FARMER STAMP

The WIC State Agency will issue an assigned number and symbol to each farmer participating in the DC WIC and Senior FMNP and WIC Cash-Value Check CVC Programs. Farmers must apply to the programs each year in order to keep the farmer stamp number valid. Farmers may begin redeeming checks after receiving a confirmation letter for the season via e-mail and or postal mail.

Stamping Hints

1. The stamp must be clear and legible. If the stamp looks faint the computer will not be able to read it. If this occurs, re-stamp the check in the “DESCRIPTIONS” box.
2. Use only black ink to re-fill the stamp.

Stamp Duplication

Farmers are responsible for initiating requests for replacement of vendor stamps. The process is outlined below:

1. Submit a written request for the replacement of the stamp and send it to the WIC State Agency. The State Agency will provide the farmer with the suggested retail price quoted by the contractor.
2. The farmer should allow four to six weeks for the replacement stamp to be delivered to the State Agency.
3. The State Agency will contact the farmer so that the farmer may pick up or have the stamp delivered as soon as possible.
4. The farmer should make the check or money order payable to DC Treasurer.

Creating a Welcoming Environment for Customers

By providing a financial boost to people who receive federal benefits, the Produce Plus and WIC & Senior Farmers' Market Nutrition programs encourage customers to spend their benefits with local vendors at farmers' markets. However, encouragement from these programs are only one part of the equation-- the other is making sure customers have a welcoming, pleasant experience at the market that makes them want to come back again and again.

You can help us make these programs a success!

1. Assume that your customers mean well, and help them navigate your stand if necessary

Some Produce Plus and WIC & Senior FMNP customers have been shopping at farmers' markets in DC for a long time. But, some customers are new to farmers' markets, and less familiar with how they work. Taking the time to explain how things work at your stand can help make the market more inclusive.

For example, some customers may be used to touching or not touching produce at other farmers' markets or grocery stores. If you have a policy of not allowing customers to touch produce, politely explain this policy to your customers:

"I see you're very interested in this tomato. We prefer that you don't touch the tomatoes, because they might bruise. Thank you!"

Some customers may not understand how to estimate their totals based on weight while shopping or navigating your stand. Providing direction to customers who need help can make the market experience more pleasant for everybody:

"You've got a lot of great stuff here. Do you want to get this down to \$10? If you want to spend more we also accept cash, debit, and EBT. Yes? Ok, let's see what we can remove to get the price down!"

"Are you looking for the check-out? Great! You can stand in line here to have your items weighed when you're ready."

Additionally, vendors across the city handle pricing and negotiation differently. For example, some vendors will allow customers to negotiate bulk prices while some will not, and some vendors will round down a \$5.25 purchase if a customer only has a \$5 bill while others won't. When necessary, explain the rules for your stand kindly and clearly.

2. Avoid making assumptions

Produce Plus and WIC & Senior FMNP customers live in all wards of the city. They represent many different races and ethnicities. They are teenagers, centenarians, and every age in between. They are people who are passionate about local sustainable organic produce, and people who are incorporating fresh vegetables into their diet for the first time. They are retirees, caregivers, military members, students, office workers, Americorp volunteers, and people experiencing chronic unemployment and homelessness. They are refugees, transplants, immigrants, and people who have lived in DC all of their lives. Most importantly, they are people.

Seeing each customer as an individual, and treating them as you would treat any other customer will help make our city's farmers' markets vibrant community spaces. Thank you for your help!
