

Dear Produce Plus Participant,

You have qualified for additional money from the United States Department of Agriculture (USDA) to spend at the farmers' market based on the information provided on your Produce Plus application!

Here is what you need to know:

• **Benefit Type:** The money has been loaded onto the same Produce Benefit Card that your Produce Plus benefits are on (\$40 each month):

- **Benefit Amount:** \$50 has been loaded onto your card. This is a one-time benefit that can be used any time between now and November 30th. It does not have to be spent before the end of the month like Produce Plus.
- What can be purchased: Locally grown fruits, vegetables, cut herbs or honey.
- Market Locations: The same markets where you spend your Produce Plus benefit. To find markets, please call (202) 299-3775 or view the Market Guide online.
- How to use your Produce Benefit Card:
 - 1. Bring your card to a participating farmers market.
 - 2. Look for the 'Authorized Farmer' sign at the farmer's tent—if you don't see it, check in with the farmer or the market manager.
 - 3. Pick out locally grown fruits, vegetables, cut herbs or honey at the farmers stand.
 - 4. Give your Produce Benefit Card to the farmer at the checkout counter to process your purchase.
 - 5. If there are not enough funds on your card to complete the purchase, you can use other tenders or currencies to complete the purchase.
