## **HIGHLIGHTS**

*NOTE: This is a draft version of the September 23, 2021 Community Engagement and Education Committee (CEEC) Meeting Minutes which is subject to change. The final version will be approved at the October 21, 2021 meeting.*

## **AGENDA**

ITEM	DISCUSSION
<b>Call to Order</b>	Jenné M. called the meeting to order at 5:07 pm, followed by a moment of silence and introductions.
<b>Review and Adoption of the Agenda</b>	Sharon C. motioned to adopt the agenda for September 23, 2021. Antonio W. seconded. The agenda was adopted unanimously.
<b>Review and Approval of the Minutes</b>	Antonio motioned to approve the August 19, 2021 Meeting Minutes. Sharon seconded. The minutes were approved unanimously.
	Antonio motioned to approve the July 22, 2021 Meeting Minutes. Sharon seconded. The minutes were approved unanimously.
<b>DMV History Project Update</b>	Jenné gave an update of the DMV history project that was presented by Kenneth Pettigrew and Emily Halden-Brown. Jenné indicated that there was discussion about setting up a training session that would be available to the General Body and anyone else who may be interested, during one of the CEEC meetings on how to gather the stories and thinking of potential places that can be considered. Since the discussion, Ken P. has gotten a new job but still wants to help. Emily HB., however, can still be used as the point person for the training. Lamont C. will reach out to Emily for her schedule and coordinate the training. Jenné will announce it at the General Body meeting. During the training we can also discuss how to move forward with the project and strategic ways to start gathering the stories.
<b>DC CFAR EHE Photovoice Project</b>	<p>The George Washington University (GW) research team under Jenné's leadership was working on a one year project with Leah Varga and Michael Khafen along with the DC CFAR to help with the Ending The Epidemic (EHE) activities at HAHSTA. The project was a photovoice project that will also use institutional ethnography. Photovoice is the type of research the gives the community members cameras and they document their experience. Rather than the traditional ways of data collection, the pictures and the narratives of the community speak for themselves. The goal was to learn more about the social structural barriers to HIV prevention and care. The funding has been received and it will be rolling out in the next couple of months.</p> <p>The research team agreed to assist with linking potential community members, who might want to participate as community co-researchers. The groups will be divided into four (4) basic groups of people that have similar experiences or stories to make it more intimate. Each group will consist of 8-10 black sexual minority men and black heterosexual women 18 years old and older. The groups are:</p> <p>Group 1. Anyone who sought out HIV prevention services in the city.</p> <p>Group 2. Those who are newly diagnosed. This group may pose some challenges as there may be some resistance to the cameras.</p> <p>Group 3. Those who are virally suppressed.</p> <p>Group 4. Those not virally suppressed and don't necessarily need to be engaged in care but can be.</p>

	<p>The groups will commit to four group meetings. The first meeting will be to distribute the cameras and learn about the project and what it hopes to achieve. The second and third meetings will be to discuss their photos with the group. The last meeting will start planning for the photo exhibit. Each meeting is incentivized (\$50 for the first meeting, \$75 for the 2 group discussions and \$50 for the last planning meeting). At the end of the project there will be an actual photo exhibit. Hopefully the full review board approval will be given by next month. If someone is interested, have them contact Jenné. Jenné put the descriptions and her email address in the chat.</p>
<p><b>Update Workplan for 2022</b></p>	<p>The committee made various updates to the 2020 workplan.</p> <p>In the Engagement Section:</p> <ul style="list-style-type: none"> <li>• Add more information regarding the DMV History Project</li> <li>• Add more information regarding the EHE Project with the DC CFAR</li> <li>• Lamont indicated that the 1906 project can be taken off. Alan J. suggested leaving it on and modifying it in accordance with EHE engagement. Lamont indicated that Clover will discuss assembling an EHE committee which may eliminate the need for it. That will be discussed at the next EOC meeting.</li> <li>• Attend six (6) community events – keep.</li> <li>• Community Listening Sessions – should it be combined with the DMV History Project as a dual effort/purpose. Antonio suggested that the CLS' not be jurisdiction specific since they are done virtually.</li> <li>• DMV History Project - will be fleshed out more at a later date</li> <li>• Creating reports of CLS – keep</li> <li>• Supporting EHE Activities - keep</li> <li>• Partnering with other organizations for events.</li> </ul> <p>Anthony G. offered to host a quarterly community event at a restaurant in collaboration with CEEC to act as one (1) community event to maximize on the resources available in this committee. A virtual option can be made available for those who choose not to engage in person.</p> <p>Anthony asked if the committee wanted to take on any punctuated awareness days? It was suggested to participate with someone else who has an established routine for those type of events. Anthony suggested putting together a templated flyer to acknowledge those awareness days. Derrick C. offered to put something together a flyer as long as he has all of the information.</p> <p>In the Education section</p> <ul style="list-style-type: none"> <li>• Attend prevention planning body meetings – keep</li> <li>• Organize education topic sessions for COHAH. Jenné suggested that the item should be as needed and not a set number.</li> </ul>
<p><b>Announcements and Adjournment</b></p>	<p>Derrick asked if CEEC was doing anything for the HIV/AIDS Walk on October 10, 2021. He suggested everyone get a shirt, taking a picture. He will make</p>

	a collage to show that the COHAH supports the HIV/AIDS Walk. Lamont indicated that the shirts would have to be purchased individually. Jenné asked Derrick to get the information for purchase. He also stated that the committee can feel free to email him any community events dealing with HIV or the community.
