The charge upon which the summary suspension is based is set forth below.

Charge: **The State of Maryland suspended your medical license, for which D.C. Health may summarily suspend your District license under D.C. Code § 3–1205.15(a)(1)(A).**

On October 23, 2024, the Maryland Board of Medicine (Maryland Board) suspended your license to practice medicine in Maryland, License No. H94067, in Case No. 2225-0050 A. On November 6, 2024, following a post-deprivation hearing, Disciplinary Panel A of the Maryland Board reaffirmed the summary suspension order. The summary suspension orders stemmed from an investigation by the Maryland Board which found that you engaged in a pattern of sexually harassing at least four female employees from April 2024 to May 2024 and a finding that your continued practice of medicine presented "a substantial likelihood of risk of serious harm to the public health, safety, and welfare." Order for Summary Suspension of License to Practice Medicine, p. 9; 11/7/24 Maryland Board Letter, ¶ 2. The Maryland Board ordered that "during the course of the summary suspension, [you] shall not practice medicine in the State of Maryland." Order for Summary Suspension of License to Practice Medicine, p. 9. To date, your medical license in Maryland has not been reinstated.

Please note that under 17 DCMR § 4103.2, your failure to appear at the time and place set for the hearing, either in person or through counsel, or both, will not preclude the Board's proceeding in this matter.
