Certificate of Need Schedule of Reviews

Certificate of Need regulations require "batching" of certain types of applications. These applications are considered twice a year according to an established schedule. The following table shows the kinds of applications that are "batched" and the months in which the reviews begin. Additionally, the SHPDA recommends the following submission dates for applications.

Application Type	Review Period Begins	Recommended Submission of Application
Alcoholism/Chemical Dependency Services	January- July	December 20th June 20th
Diagnostic Radiology and Ultrasound Services	February -August	January 20th July 20th
Renal Disease Services	March-September	February 20th August 20th
Home Health Services	April-October	March 20th September 20th

Services not listed above can be reviewed without regard to batching. For additional information contact the SHPDA.
