Motion passed unanimously.

DISCUSSION ITEMS

OS-0118-09	<p><u>LEGISLATIVE UPDATES – OFFICE OF GOVERNMENT RELATIONS</u></p> <p>Matteo Lieb, Legislative Affairs Specialist</p> <p>DC Council's Council Period 24 concluded December 2022. Several pieces of legislation were pushed through and currently monitored as they pass through mayoral and congressional review, such as the High Need Healthcare Career Scholarship and Health Professional Loan Repayment Program Amendment Act of 2022. Also included was the Consent for Vaccinations of Minors Amendment Act of 2022.</p> <p>In this new council period, there are two new council members: Councilmember Furman of Ward 3 and Councilmember Parker of Ward 5. Additionally, Councilmember Henderson has replaced Councilmember Gray as the Chairperson for the Committee on Health. Councilmembers Parker, Allen & Gray are now a part of the Committee. Mr. Lieb also informed meeting attendees that the Performance Oversight Hearing is scheduled for Thursday, March 2, 2023 from 9:30am to 6:00pm. The FY2024 Budget Hearing will be occurring sometime in late March or April. Finally, a senior dental program that was funded by DC Health and in partnership with A Community of Hope has launched with the hopes to continue into the FY2024 year.</p>
OS-0118-10	<p><u>PRESENTATION</u></p> <p>Ms. Brittany Harris, RDH and Ms. Sara Hoverton presented their recommendations for the Dental Assistant & Dental Hygiene scope of practice editions.</p> <p>Mr. Khalil Hassam, Director of DC Primary Care Office, asked several questions regarding the impact the changes to the Scope of Practice would have on the Medicaid population/commercial settings as well as the assurance that the newly developed Dental Assistant level III/ Dental Hygienist license types would meet the standard from a training & credentialing standpoint and if there is a budget impact.</p> <p>Ms. Harris and Hoverton responded by indicating that with the proposed editions to the regulations/scopes of practice, the education/training as outlined by the Board ensures that Dental Assistants (Level II and Level III) & Dental Hygienists are well prepared and would meet the standard of the expanded scope.</p> <p>Ms. Toni Reeves, RDH inquired about research regarding the need for care for tele dentistry, in their homes and long-term care. Ms. Harris responded that not much information/data could be found regarding homebound individuals but since there is an overall need for care for institutionalized individuals, that need may certainly include those who are homebound as well.</p> <p>Ms. Ranada Cooper, Associate Director for the Office of Health Facilities, informed meeting attendees that according to the regulations, when an individual is admitted into a nursing home, they are required to have a comprehensive assessment by the physician. Based on that assessment, referrals can be made for additional services that the individual may need or desire at that time. The individual may also request for such services of which the facility is required to follow through on that consult within 3 days. She also indicated that while regulations do not assert that facilities</p>

must employ dentists/dental hygienists full time, they do provide an avenue (a contract) where a Dentist and or Dental Hygienist can provide services in such settings based on need.

Ms. Harris responded by asking if a physician is truly prepared to determine the oral needs of a patient. Secondly, she indicated that the role of the dental hygienist is preventative in nature (to avoid disease that the physician may not be able to detect.) and would be best from that perspective, not by responding to a need after the fact.

Ms. Carla Williams, Board Attorney, addressed this by asking Ms. Toni Reeves, RDH if she remembered the time this issue was raised with former Chairperson, Dr. Renee McCoy Collins who indicated that a Dental Hygienist may not have direct access, but under general supervision of a Dentist, could perform services at a Long-Term Facility. Ms. Reeves affirmed that she was able to recall Dr. McCoy-Collins making that statement.

At that time, **Dr. John Bailey**, (Chairperson) indicated that he wanted to add two items the agenda: Remarks from **Mr. Kurt Gallagher** (DC Dental Society) and voting to elect a new Vice-Chairperson for the Board.

Mr. Kurt Gallagher applauded Ms. Harris, Ms. Hoverton & Ms. Healy on their presentation and expressed that while DC Dental Society aligns with most of the information that was presented regarding access to care, he highlighted two differences of opinion. According to Mr. Gallagher, the DC Dental Society believes that the proposed Level III Dental Assistants should not be limited to just schools, long term facilities or community clinics as many dental practices are struggling with staffing and believes they should be authorized to practice in any setting. Mr. Gallagher also indicated that the DC Dental Society recommends that the Level III Dental Assistant remains the same as from inception to avoid confusion.

Dr. Sheila Samaddar, DDS, DC General Academy of Dentistry, indicated that DCAGD did agree with the DC Dental Society position. Dr. Samaddar also added that the DC Board of Dentistry should look into the regulations/guidelines of neighboring states Maryland and Virginia and adapt. She asserted that if DC dental practices are unable to offer certain services that are allowed in Maryland or Virginia, it could possibly draw business away from her practice which is the other side of the coin, not just access to care.

Dr. John Bailey asked Dr. Samaddar to name a few procedures that DC Dental Assistants cannot perform considering Virginia & Maryland's regulations. She mentioned that in DC, Dental Assistants cannot place Pit & Fissure sealants, or coronal polishing, as well as dentists' ability to administer Botox. Dr. Bailey shared that those procedures are already addressed in the new Level III Dental Assistant and Dental regulations/scope of practice.

OS-0118-11

DENTAL BOARD SUB-COMMITTEES

1. **Credentials & Audits:**

Dr. Iris Jeffries-Morton/Dr. John Bailey

Dr. Jeffries-Morton reported that the subcommittee has been working on the following initiatives: 1) to develop a framework and implementation of the dentist/dental facility certification to administer sedation or general anesthesia. 2) A process/protocol is also underway for reviewing

	<p>dental assistant school curriculums/externships in partnership with OSSE.</p> <p>3) Creating an updated list of approved dental assistant schools; inclusive are the hours of completion and 4) the development of an application checklist for those interested in opening a dental assistant training school.</p> <p>Dr. Jeffries-Morton also discussed the importance of encourage meeting attendees to provide the application checklist to potential employees of interest to ensure that they have all the requirements to speed up the licensing process.</p> <p>2. <u>Communications:</u> Vacant No report.</p> <p>3. <u>Regulatory Affairs:</u> Dr. Judith Henry/Ms. Dianne Smith, Esq.</p> <p>Ms. Carla Williams pointed out that the one of the major issues presented that needed clarification was the ability for Dental Hygienists to perform services in community/long-term care facilities, not directly, but under the general supervision of a Dentist. Ms. Williams asked if that was something the Subcommittee would recommend adding to the Scope of Practice so that it would be clear moving forward, of which both Dr. Henry & Ms. Smith agreed.</p> <p>Motion 1: The Board to move forward with the Dental Hygiene and Dental Assistant Scope of Practice Amendment of 2023 with the addition of specific language to clarify that Dental Hygienists could work at long-term care facilities. Moved by: Dr. Judith Henry (Board Member) Seconded by: Ms. Dianne Smith, Esq. (Board Member) The motion passed unanimously.</p> <p>Motion 2: The Board to move forward with the proposed Rulemaking to amend the Dental Assistant Scope of Practice. Moved by: Dr. Judith Henry; (Board Member) Seconded by: Ms. Dianne Smith, Esq. (Board Member) The motion passed unanimously.</p>
OS-0118-12	<p><u>EMAIL FROM SHAVONNE HEALY, RDH</u></p> <p>Mrs. Ericka Walker addressed the issues as presented in Ms. Healy's email regarding how to ensure the fair process for responses from the public in the beginning of the meeting. (Utilizing the raised-hand feature in WebEx as well as waiting until after the Board members deliberate on an issue or topic before allowing input/questions from the public.) Regarding Dr. Bailey's title, there was a transition in leadership that occurred within the Board of which at that time, Dr. Bailey was made the Interim Chairperson. However, MOTA made the decision to make Dr. Bailey the permanent Chairperson, however, the Board was not notified timely. Once the Board</p>

	was notified, his title was updated at that time.
ADDENDUM	<p>Dr. Bailey notified meeting attendees that there was one more item to discuss which was the election of a Vice-Chairperson.</p> <p>Motion: To nominate and elect Dr. Iris Jeffries-Morton to be the Vice-Chairperson for the DC Board of Dentistry.</p> <p>Moved by: Dr. Judith Henry; (Board Member)</p> <p>Seconded by: Ms. Dianne Smith, Esq.; (Board Member)</p> <p>The motion passed unanimously.</p>
OS-0118-13	<p><u>COMMENTS FROM PUBLIC</u></p> <p>Ms. Shavonne Healy inquired about the public being notified of any applicants for the Board of Dentistry vacancies. Mrs. Ericka Walker, Executive Director, indicated that MOTA handles all applications for Board vacancies, not the Board itself. Therefore, the link that was provided earlier during the Executive Director's report outlines the application submittal process and how to follow up on the status of an application. Mrs. Walker explained that as far as who has applied for the vacancies, that information is not shared with the Board until the new Board member has been appointed.</p> <p>Dr. Alison Glascoe inquired if the portal has been opened for foreign trained dentists who are considering appointments at Howard University College of Dentistry so that they may apply for a Dental teaching license. She described an issue with a potential candidate who had difficulty applying for a dental teaching license. Dr. John Bailey, Chairperson, responded that at the time she applied, there was indeed a glitch in the system which has since been corrected. Mrs. Ericka Walker, Executive Director, added that DC Health made enhancements to our Salesforce system, which included the dental/dental hygiene teaching licenses. Mrs. Walker assured all meeting attendees that at this time, the portal is open and functioning for those who are interested in applying for the teaching licenses.</p> <p>Dr. Andrea Jackson expressed her concerns about the difficulties in finding faculty that have dental specialties, such as orthodontics, periodontics, oral maxillofacial surgery, etc. As a result, many schools are utilizing internationally trained dentists as faculty. Dr. Jackson indicated that she too is particularly interested in internationally trained candidates so that the faculty can have specialists. She inquired if the transcripts from their three-year training programs could be considered in evaluating their qualifications for faculty teaching license rather than just dental school. She feels that their training in dental school does not fully capture their abilities as they are doing the most cutting-edge procedures as learned in those specialties.</p> <p>Dr. John Bailey, Chairperson, clarified that if the candidate who was foreign-trained in a non-CODA program to become a dentist, came to the United States and then completed/graduated from a CODA-approved post graduate program would indeed qualify for a Dental teaching license. They would not qualify for a regular Dental license unless they complete the last 2 years of CODA-approved Dental school.</p>

Mrs. Ericka Walker, Executive Director, recommended that Dr. Jackson put the information/issues/initiatives she shared into writing so that the Board could have the opportunity to review the information and provide feedback so that she would be able to make the best decisions for Howard University's Dental program. Mrs. Walker also reiterated that the portal was down for enhancements to the system at the time Dr. Jackson's candidate applied for a teaching license.

Dr. Sheila Samaddar inquired if at some time, the Board planned to consider non-oral maxillofacial surgeons the ability to offer injectables in the office. **Dr. John Bailey**, Chairperson, and other members of the Board indicated that the issue had already been addressed.

Ms. Brittany Harris, RDH expressed her appreciation to the Board for allowing the presentation of their proposal and for taking their points into consideration. She also volunteered her herself for any conversations regarding services provided in long-term care facilities moving forward.
